ALL ABOUT MAC-ED TRAINING

We just wanted to give you a quick introduction to who and what we are!!

Mac-Ed Training Academy Ltd is based in Cwmbran in our own lovely premises, with our private garden and vast secure parking. Our academy comprises of hair, nails and beauty training salons that are fully equipped with all the tools, machines and products needed for training purposes. We offer accredited training courses in all aspects of hair, beauty, lashes, nails and barbering, many of our courses have amazing kits included.

We are an experienced team of tutors who have vast experience within the industry and highly qualified in the courses we deliver. Our quality of training is excellent and we ensure you are supported throughout your qualifications with us to perform at the highest level. We offer NVQ's, VRQ's, Diploma's, Certificates and Award sized qualifications as well as ABT accredited day courses.

As well as the courses found on our website we also offer bespoke training to suit your needs. This can include training within your workplace or here at the academy. We also offer 1-1 training as well as group bookings.

Our courses are suitable for 13+ years old upwards, first time learners, upskilling, CPD as well and career changers.

Please read through our current courses and take a look at our website www.mac-edtraining.co.uk for more information about us and what we have to offer. Booking is easily done through the website, emailing or ringing the academy.

Come and see us, meet the team and see our academy.

Hairdressing and Barbering

Our specialist teachers are all experienced hairdressers and barbers and have been working in the industry for many years. As qualified teachers they are able to support you in your training with us whether it is for a one day course or a 30 week qualification.

Our hairdressing and barbering courses are held in our lovely training salon and we offer the public discounted prices to come in to have their hair done which is great for you to get some real experience of working in a salon or barbers.

Our courses are fully accredited and recognised as industry standard courses across the UK and further afield. Kits are included in many of the courses to help you practice your skills outside of the academy.

Below are some of the courses we run on a regular basis

VTCT NVQ Level 2 Diploma in Hairdressing or Barbering

VTCT NVQ Level 2 Certificate in Barbering

ABT Certificate in Hair Extensions or Hair up, Bridal Hair and Vintage Hair

ABT Certificate in Advanced colour techniques, Balayage, Baby lights, Freehand Lightening

Beauty

We have beauty training courses to cater for all levels, ranging from absolute beginners to those already established in the beauty industry looking to further their education.

We offer units of study such as infection control, waxing, facials and tanning, all fully accredited by VTCT or ABT so insurable. Our advanced beauty training courses including dermaplaning often need prerequisites before completing them which we can discuss with you on booking. We offer a huge selection of short part time courses as well as the full Beauty Therapy courses at (Level 2 & 3) Courses.

Our amazing and very popular make-up course is an ABT Certificate in Make-up which is an internationally recognised qualification and gives you all the skills and knowledge to work in the industry. Delivered by industry expert Megan Goodchild - The Face Boss and training academy Mac-Ed Training. Held in both the academy and The Face Boss studio.

Nails

Our nail courses provides focused training for complete beginners as well as qualified nail technicians in small groups or on a 1-2-1 basis. Training can be tailored specifically to your needs, using the latest product technology and techniques.

Whether you are totally new to the nail technician industry, have just started and would like further tuition and support or a trained nail technician looking to build on your existing skills, we can support your journey and education in this fast changing industry.

There are numerous courses we run in lash and brows, some are 1 day and some are 6 weeks. All are accredited by VTCT or ABT

Classic lash extensions

Russian, Hybrid, and volume lash extensions

Lash lift and tint.

Brow lamination

Henna Brows

Ultimate brows

Alternative Curriculum

The Alternative Curriculum programme for Year 10 & 11 students in Mac-Ed Training Academy is designed to support the educational participation for whom a school placement is no longer appropriate.

Young people who join this provision are generally referred by the school that they last attended. The aim of the provision is to re-engage young people in learning and to give them a positive learning experience. Learning is supported by comprehensive tutorial support and additional support if necessary. The learner's timetable will depend on the course undertaken.

Mac-Ed's mission is to provide high quality learning to all through inspiring others, supporting wellbeing and being fair, honest and transparent in our ethics and values. For many pupils, perhaps especially by the time they reach the ages of 13-16, school is anything but a place where they feel their talents are allowed to shine. They become disaffected, disengaged from what school offers them because, too often, what school offers is not what they want.

Our VTCT level 1 qualifications in Hair and Beauty Skills are qualifications that have been designed to introduce learners to a range of practical skills from across the hair and beauty industries.

This qualification has been designed to prepare learners for employment as a supervised assistant/apprentice or for further learning in the hairdressing and beauty therapy industries within college. Registrations start from learners aged 13+

This qualification has been reviewed by education and training providers who have confirmed that learning about the hair and beauty industry, will serve as a valuable foundation to help learners to operate independently and effectively in life, learning and work. This qualification is the perfect foundation for further learning and with the emphasis towards practical skills will provide the opportunity for the disengaged to re-engage with learning through the creative subjects of hairdressing and beauty therapy.

Included with this course package is the additional qualification Level 1 Mental Health Awareness:

The VTCT (ITEC) Level 1 Award in Mental Health Awareness is a VRQ aimed at learners aged 14+ who are either in a full-time education programme, a part time programme at a college or with a private training provider and wish to develop an understanding of a range of issues which may affect the mental health of people, how to identify common mental health conditions and offer support for people with mental health conditions.

Mac-Ed Training Academy provides quality provision in all aspects of the hair and beauty industry. Staff are highly qualified in assessing, quality auditing and teaching. We offer assessing and quality qualifications delivered by our specialist tutor who worked as an external verifier for many years and has vast knowledge in this field. As well as delivering these qualifications to trainee assessors we can support workplaces to create robust and suitable quality audit plans and implement training needs where necessary.

VTCT is one of our awarding bodies who we work closely with. With over 1,800 active learning centres globally, VTCT has achieved #1 in the Hair and Beauty Industry and continues to champion its core value to further enhance vocational and technical education standards not just in the UK, but globally.

ABT Accreditation is our preferred short course accreditation company and is extremely efficient to show that we are approved, endorsed and eligible to offer, on completion of your courses, ABT membership and insurance packages to them. Accredited courses are evidence that you are qualified to a high, standardised level and able to get insured to carry out your treatments.
